Recipient of Community Foundation NOW Grant

Please help us thank The Community Foundation of Greater Lafayette for their generous grant award of \$6,057 to our organization which was given recently as part of their NOW Grant process. We were able to purchase new patio furniture, a multi-function copier, and a computer, essential building blocks of service delivery that will allow the Joyful Journey team to continue to be champions of care at the forefront of our community.

Helping Hands

Joyful Journey has been blessed with a wonderful relationship with Covenant Church Helping Hands Ministry. These gentlemen recently donated their time and expertise to assemble our new patio furniture recently acquired from the Community Foundation Grant.

Our Friends were amazed at the transformation of the patio and have enjoyed the comfortable seating during outdoor activities. We are grateful for the hard work of Helping Hands.

Congratulations and Thank You

Our sincerest "thanks" go out to Dominic Scott for his extraordinary servant's heart. Dominic chose to complete his Eagle Scout service project with Joyful Journey for a very special reason. He knew his grandfather--our Friend Vince--would appreciate the creativity, dedication and quality fabrication that went into his project. Dominic created an indoor croquet set, PLINKO game, and Jumbo-sized horse game pieces for us so we can further diversify our activity programming. Congratulations to this fine young man on a project well done. These pieces of equipment are built to last and will provide recreational and health benefits to our Friends for years to come.

GRATITUDE TURNS WHAT WE HAVE INTO ENOUGH.
